

Dear resident,

7 December 2018

We will be transporting large steel beams for the NorthConnex cycle way bridge on the Hills M2 Motorway between:

- > 9pm **Wednesday 12 December** and 5am **Thursday 13 December**
- > 2pm **Saturday 15 December** and 2pm **Sunday 16 December.**

If work is delayed, it will be done the same days and times the following week. The work is carried out when traffic volumes are low for the safety of motorists and workers.

Plant and equipment for this work includes heavy vehicles, cranes, pumps, elevated work platforms, lighting towers, generators, hand tools and light vehicles. You may experience noise during this activity. We will make every effort to minimise impact by carrying out the noisy work as early and quickly as possible.

Please call the Project Information Line on 1800 997 057 or email enquiries@northconnex.com.au if you have any questions or complaints.

Thank you for your patience.
The NorthConnex Team

If you need help understanding this information, please call the Translating and Interpreting Service on **131 450** and ask them to call us on **1800 997 057**
