Night work: installation of permanent electronic message sign and CCTV on the Pacific Highway, Wahroonga

Dear resident,

As part of ongoing work to build the tunnel entry and exit points, work to install a permanent electronic message sign and CCTV will be continuing on the Pacific Highway, Wahroonga, outside 1722 to 1728 Pacific Highway on **Thursday 13 December 2018**.

Work will involve removing a temporary concrete footing. A map of the work area is overleaf. This work is expected to take one night, weather permitting. If work is delayed it will be done on the next available shift. The technology is to ensure tunnel safety and inform motorists about traffic conditions.

Plant and equipment for this work includes saws, hand held drills, jackhammer, excavator, tipper truck, compaction equipment, lighting towers and generator.

To minimise impacts on traffic and to ensure the safety of workers and motorists, the work will be carried out at night **between 9pm and 5am**.

You may experience increased noise during some of these activities and we will make every effort to minimise impacts by:

- > turning off machinery when not in use
- > using non-tonal reversing beepers on all machinery
- > ensuring lighting is directed away from residences as much as practicable

Temporary traffic changes

Partial lane closures and traffic management will be in place when work is carried out to ensure the safety of motorists, residents and workers. This will include temporary diversions of the footpath in the immediate vicinity of the work.

Please allow extra travel time and visit livetraffic.com, download Live Traffic App or call the Transport Management Centre 132 701 for the latest information.

We thank you for your patience, and if you have any questions or complaints, please don't hesitate to call us on **1800 997 057**, email enquiries@northconnex.com.au or visit the NorthConnex Community Information Centre at 118 Yarrara Road, Pennant Hills, open Monday to Wednesday from 9am to 1pm.

Yours sincerely,

NorthConnex Project Team
