Day and night work: Service relocation work on Pennant Hills Road, M1 Pacific Motorway and Aaron Place, and at the intersection of Hewitt and Havilah Avenues, Wahroonga

Dear resident,

As part of the M1 Pacific Motorway widening work, the project team is required to relocate gas and electrical services. The services are located on the corner of the M1 Pacific Motorway and Pennant Hills Road, adjacent to Aaron Place and at the intersection of Hewitt and Havilah Avenues in Wahroonga. A map of these work areas is provided on the last page.

Work was delayed due to weather and will now commence on **Wednesday 19 April 2017**. It is expected to take five months to complete, weather permitting.

Generally, work will be carried out during standard construction hours between 7am and 6pm on weekdays and 8am and 1pm on Saturdays, however to ensure the safety of motorists and workers, some work will be required at night.

Night work will be carried out between 9pm and 5am, Sunday to Friday for up to three nights per week. There will be no work on Saturday nights. Directly impacted residents will be notified ahead of work and residents are encouraged to register for SMS updates by contacting us on 1800 997 057 or enquiries@northconnex.com.au.

Work activities will include:

- service investigation work
- excavation and trenching
- relocation of services including gas and electricity
- commissioning and testing
- removing and replacing sections of pavement
- asphaltting.

Plant and equipment for this work includes light vehicles, lighting towers, vacuum trucks, jackhammer, excavators, trucks, compactor, concrete trucks, street sweeper, water cart, concrete saws and hand tools.

Our construction work may still be noisy at times but we will do everything we can to minimise its impact including:

- consulting directly affected residents
- using non-tonal reversing beepers on all machinery
- turning off equipment and vehicles when not in use
- using solar-powered lighting towers
- using noise blankets
- not working more than three nights a week and no more than two nights consecutively for noisy work.

As part of this work, there will be night closures of two southbound lanes on Pennant Hills Road between the Pacific Highway and Edwards Avenue. Two southbound and northbound lanes of the M1 Pacific Motorway will also be closed between the Pacific Highway Bridge and Pennant Hills Road. The closures will take place between 9pm and 5am, Sunday to Friday for up to three nights per week, weather permitting. Traffic changes, management and signage will be in place to ensure the safety of motorists, residents and workers.

Please allow extra travel time and visit livetraffic.com, download Live Travel App or call the Transport Management Centre 132 701 for the latest information. Access will be maintained for motorists at all times.

Ausgrid and Jemena may need to arrange planned interruptions to services for a small number of properties. You may also receive further targeted notifications from these service providers regarding gas and electrical work.

If you have any questions or complaints, please don't hesitate to call us on 1800 997 057, email enquiries@northconnex.com.au or visit the NorthConnex Community Information Centre at 118 Yarrara Road, Pennant Hills, open weekdays, from 9am to 5pm.

Yours sincerely

NorthConnex Project Team
