

21 January 2016

Dear Resident

## NorthConnex project information work on the Hills M2 Motorway westbound and changes starting 6 February 2016

Further to our previous notifications informing you of construction on the NorthConnex project, we would like to inform you about work in preparation for the Hills M2 Motorway integration work. The Hills M2 Motorway integration work is required to enable southbound traffic from the tunnel to merge safely with westbound traffic on the motorway. An additional westbound lane will be added between Pennant Hills Road and Windsor Road.

Some preparation work for this integration is being done in January 2016 till 4 February 2016, weather permitting.

The following activities will continue:

- Night time work on the westbound carriageway for the construction of drainage pits, crossover points and related work adjacent to the existing median
- Temporary night time reduced speed limits and lane closures both westbound and eastbound on the M2 during the above work.

Once the work preparation is finished, construction activities to add an additional westbound lane will continue.

The following changes will be in place on the Hills M2 motorway from **6 February 2016**:

- Safety barriers on the left side shoulder westbound
- The Hills M2 Motorway will have two westbound lanes between Pennant Hills Road and Windsor Road, with buses using the general traffic lanes
- No bicycle facilities will be available in a westbound direction between Pennant Hills Road and Windsor Road from **9pm 5 February 2016** and detours will be in place, see over for detour map. Changes to eastbound bicycle lanes will be made in the second half of 2016.

Access to the bus stops on the motorway will not change.

Residents in close proximity to the south side of the motorway may experience some noise and extra lighting, though every effort will be made to minimise this.

We apologise for any inconvenience and will take steps to minimise any impact associated with this important work.

We thank you for your patience, if you have any questions, please don't hesitate to call members of the project team on 1800 997 057, email [enquiries@northconnex.com.au](mailto:enquiries@northconnex.com.au) or visit the NorthConnex Community Information Centre at 118 Yarrara Road, Pennant Hills, open weekdays from 9am to 5pm.

Yours sincerely

**NorthConnex Project Team**

## Hills M2 Motorway Bicycle diversion route and bus lane closure

### Legend

-  Bicycle lane closed Westbound from Pennant Hills Road to Windsor Road (from 9pm on 5 February 2016)
-  Bicycle lane closed Eastbound from Windsor Road to Pennant Hills Road (second half of 2016)
-   Bicycle ramps closed
-   Bicycle ramps open
-  Bicycle detour route

The bus lane westbound between Pennant Hills Road and Windsor Road will be temporarily closed from 6 February 2016 for 24 months. Buses will merge with other traffic and use the general traffic lanes.
