Changed traffic conditions on the Hills M2 Motorway between Oakes and Windsor roads

Dear resident,

As part of NorthConnex M2 Integration work, work will be carried out on the Hills M2 Motorway between Pennant Hills and Windsor roads to prepare for the reinstatement of a third westbound traffic lane.

Activities will include pavement and concrete works, line marking and realignment of safety barriers. Night time lane closures will be in place between:

- **7pm and 9am on Friday 27 October and Saturday 28 October**
- **7pm to 5am on Sunday 29 October 2017.**

Temporary closure of the Barclay Road Bus Interchange

For the safety of workers, motorists and bus customers, during the work on Friday and Saturday night the bus stop will be closed. A free shuttle bus will connect customers from the Barclay Road Interchange car park to the Oakes Road bus stop. Signage will be in place to guide customers.

If the work is unable to be completed on this date it will be rescheduled to the next available night shift, which may be the following weekend.

Plant and equipment to be used includes cranes (various sizes), light vehicles, lighting towers, rattle guns, generators, knuckle boom lift, trucks, rollers, line markers, concrete trucks and vibrators, excavators with attachments, asphalt pavers, core drill, street sweeper, water carts, concrete saws, jack hammers, grinders, power tools and hand tools.

Traffic changes, traffic controllers and pedestrian management will be in place to ensure the safety of motorists, residents and workers.

You may experience some noise during this work and we will make every effort to minimise impact by:

- consulting with directly affected residents
- using non-tonal reversing beepers on all machinery
- turning off equipment and vehicles when not in use
- using solar-powered lighting towers.

Please allow extra travel time and visit livetraffic.com, download Live Traffic App or call the Transport Management Centre 132 701 for the latest information.
