You will experience noise during some of these activities and we will make every effort to minimise impact by:

- > Consulting with directly affected residents
- > Using non-tonal reversing beepers on all machinery
- > Turning off equipment and vehicles when not in use.

Sydney Water may need to arrange planned interruptions to water supply services to a small number of properties for around five hours in March 2017. Residents will receive further targeted notifications from Ausgrid and Sydney Water regarding water and electrical work closer to the date.
