

8 January 2016

Ref: N0050c

Dear Resident

Update on night work: Hills M2 Motorway - Pennant Hills Road on-ramps

Further to our notifications issued in July, September and November 2015 regarding night work on the Hills M2 Motorway, the following activities will continue on the Pennant Hills Road westbound on-ramp and the main carriageway of the M2 eastbound and westbound:

- Piling and concreting work which includes drilling, installing steel cages and pouring concrete
- Modifications to existing tolling gantries, including installation of steel supports, cabling and commissioning of gantries.

This work needs to be carried out at night due to the close proximity and volumes of traffic on the motorway. Work will be carried out between **9pm and 5am Sunday to Thursday nights each week**. The work will be done from Sunday 17 January 2016 to (and including) Thursday 11 February 2016.

During this time, workers and vehicles will access the Southern Interchange Construction Compound between 7pm and 7am. Please note: If the work is unable to be completed on these days, it will be rescheduled. See pages 2 and 3 for work location and dates of night work.

Due to the nature of work and equipment to be used, the work is likely to be noisy. Every effort will be made to minimise noise and light spill associated with this work.

Traffic management will be in place to ensure the safety of motorists, residents and workers. Variable message signs will be in place to advise of the changes to traffic conditions.

We apologise for any inconvenience and will take steps to minimise any impact associated with this important work.

We thank you for your patience, and if you have any questions, please don't hesitate to call members of the NorthConnex project team on **1800 997 057**, email enquiries@northconnex.com.au or visit the NorthConnex Community Information Centre at 118 Yarrara Road, Pennant Hills, open every weekday from 9am to 5pm.

Return 
local streets to local communities

Up to 
5,000 trucks per day
off Pennant Hills Road
