

3 May 2016

Ref: N0092

Dear Resident

## Widening of the Yale Close Bridge, North Rocks

From 9 May 2016, work to widen the Yale Close Bridge on the Hills M2 Motorway will start. This work is expected to take up to 18 months to complete and needs to be undertaken to allow for the construction of an additional westbound lane on the Hills M2 Motorway between Pennant Hills Road and Windsor Road.

The initial work involves the site establishment at Yale Close Bridge. Work will start on 9 May 2016 and will take approximately six weeks to complete, weather permitting.

### Work activities

Site establishment activities include:

- Surface investigations
- Vegetation removal in preparation for widening
- Earthworks.

Once the work site is established, construction activities to widen the Yale Close Bridge will start. Access to the construction site will be via the Hills M2 Motorway as required, with the access point for equipment movements via Duncan Place.

Equipment and plant to be used includes:

- Excavators
- Compressors
- Compactor
- Generator
- Rollers
- Water cart
- Piling rig
- Crane
- Hand tools
- Concrete vibrators
- Trucks.

The majority of the work will be carried out during standard construction hours from **7am to 6pm on weekdays** and **8am to 1pm on Saturdays**. Some work may be required at night and on weekends due to traffic volumes on the bridge. These activities will be kept at a minimum and all impacted residents will be notified in advance of work occurring.

One westbound lane closure on the Hills M2 Motorway will be required when we work at night. Traffic management and signage will be in place to ensure the safety of motorists, residents and workers. Access will be maintained for motorists at all times.

Return

You are likely to experience increased noise during some of these activities and we will make every effort to minimise impacts by:

- Notifying residents before work starts near their property
- Using non-tonal reversing beepers on all machinery
- Turning off equipment and vehicles when not in use
- Where possible directing noise generating equipment away from residential properties.

We thank you for your patience, and if you have any questions or complaints, please don't hesitate to call us on **1800 997 057**, email **enquiries@northconnex.com.au** or visit the NorthConnex Community Information Centre at 118 Yarrara Road, Pennant Hills, open weekdays from 9am to 5pm.

**Yours sincerely**

**NorthConnex Project Team**
