## Day work: Temporary closure of the footpath between Woonona Avenue and Benson Close, Wahroonga

Dear Resident,

As part of the construction of the Northern Ventilation Facility, the project team will be building permanent drainage. This will involve the adjustment of existing sewerage and water services in Benson Close and will require temporary closure of the footpath between Benson Close and Woonona Avenue.

A map of the work area is provided.

Work will start on Tuesday 14 May 2019 and is expected to be completed by Tuesday 27 August 2019, weather permitting.

### Pedestrian footpath closure

The pedestrian footpath between the cul-de-sacs at the ends of Woonona Avenue and Benson Close, Wahroonga will be closed during this period.

Temporary pedestrian diversions will be in place via Fern Avenue, Bundarra Avenue and Alexandria Avenue, Wahroonga. If you travel along this route, please allow extra time and follow the directional signage.

Driveway access to some properties in Benson Close will be limited during this time. Residents in Benson Close will receive further targeted notifications from NorthConnex closer to the date.

The main work activities include:

- > trimming vegetation
- > excavating and trenching
- > rock hammering
- > pipe laying and installation of concrete U channel

### Work hours

7am to 6pm Monday to Friday,  
8am to 1pm Saturdays

For the safety of motorists and workers, work may be carried out outside of these hours, in line with our environmental approvals.

Tunnel excavation, associated above ground activities and access to compounds is carried out **24 hours a day**.

**BUILDING OUR FUTURE**

**Transurban**

### **How will the work affect you?**

The footpath will be closed, an alternative route is outlined below.

You will experience some noise and we will make every effort to minimise impacts by:

- > consulting with directly affected residents
- > using non-tonal reversing beepers on all machinery
- > turning off equipment and vehicles when not in use
- > using noise blankets where possible
- > directing noise generating equipment away from residential properties where possible.

### **Plant and equipment**

The project team will use heavy and light vehicles, generators, excavators, jackhammers, grinders, concrete trucks, street sweepers, water carts, vacuum trucks, and removal plant, power and hand tools.

Thank you for your patience during this important work.

**NorthConnex Project Team**
