

6 July 2015

Ref. N0050

Dear Resident,

NorthConnex construction: Night work on Hills M2 Motorway

As you would be aware, construction work for NorthConnex has started with some initial surveying and geotechnical investigations being done around the Hills M2 Motorway on and off-ramps.

We now need to make necessary changes to the toll gantry on the Hills M2 Motorway westbound and eastbound ramps to Pennant Hills Road. Due to the high volume of traffic on the Hills M2 Motorway and to minimise impact on motorists, the majority of this work will need to be carried out at night between the hours of 9pm and 5am, weather permitting.

From **13 July 2015** for up to two months the following activities will be underway:

- Potholing on the M2 on and off-ramps and median for location of services
- Trenching work along median and the M2 on-ramp to connect communications and power
- Modification to traffic island and reconstruction of the M2 on-ramp
- Removal of barriers, line marking and installation of new barriers on the M2 ramps
- Modifications to existing tolling gantries, including cabling and commissioning of gantries.

Traffic management will be in place to ensure the safety of motorists, residents and workers. Variable message signs will be in place to advise of the changes to traffic conditions.

We thank you for your patience, and if you have any questions or concerns, please call **1800 997 057**, email <mailto:enquiries@northconnex.com.au> or visit the NorthConnex Community Information Centre at 354-356 Pennant Hills Road, Pennant Hills, open every Tuesday from 9am to 12pm, Thursday from 9am to 4pm.

Yours sincerely

NorthConnex Project Team
