

17 December 2015

Ref N0086

Dear Resident

Site establishment – Barclay Road, North Rocks

NorthConnex is a nine kilometre tunnel that will link the M1 Pacific Motorway at Wahroonga to the Hills M2 Motorway at West Pennant Hills, removing around 5,000 trucks off Pennant Hills Road each day.

As part of NorthConnex, integration work along the Hills M2 Motorway will be carried out to allow the safe merge of traffic from the tunnel onto the Hills M2 Motorway. This work will include a new westbound lane from Pennant Hills Road to the Windsor Road interchange and bridge widening along this route.

Lendlease Bouygues Joint Venture has been awarded the contract to design and deliver the work.

What are we doing?

Starting in December 2015 a site compound will be set up at the corner of Barclay Road and Perry Street, North Rocks (see map) as a facility to support construction activities on the Hills M2 Motorway. Facilities at the site will include laydown areas for plant and equipment, parking and a site office.

Work activities

Site construction activities will take around three months and will include:

- Service investigations
- Removal of vegetation
- Earthwork
- Set up of site hoardings
- Set up of buildings for offices and amenities
- Set up of car park for on-site parking
- Environmental controls.

While most of the work will be done during the hours of Monday to Friday 7am to 6pm and Saturdays 8am to 1pm some work may need to be done at night due to traffic and safety restrictions. This is because oversized equipment such as demountable buildings, heavy plant and machinery can only be moved on the roads at night.

In case we need to work at night you will be informed and where possible noisier work will be kept to early parts of the night before midnight.

MAKING IT HAPPEN

transurban

During site establishment and operation, all traffic access to and from the site will be from Perry Street. We will install noise shielding hoardings as early as possible so the closest residents are protected from most of the set up noise.

Once the site is established, it will be used to support work on the Hills M2 Motorway, including access 24 hours, seven days a week. Further information will be provided about the activities on site to residents.

We apologise for any inconvenience this work may cause and we thank you for your patience. If you have any questions, comments or complaints, please do not hesitate to call members of the project team on **1800 997 057** or email enquiries@northconnex.com.au. You can also visit the NorthConnex Community Information Centre at 118 Yarrara Road, Pennant Hills, open Monday to Friday from 9am to 5pm and last Saturday of every month from 10am to 1pm.

Yours sincerely

NorthConnex Project Team
